Re: ANR Pipeline Company
System Map Filing

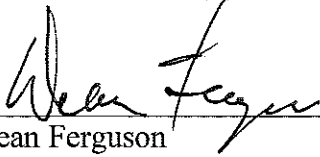

Dear Ms. Bose:

Pursuant to Section 154.106 of the Federal Energy Regulatory Commission's ("Commission") Regulations, ANR Pipeline Company ("ANR") is required to file revised system maps reflecting any major changes to its system no later than April 30 of each year. ANR is currently experiencing difficulty with the integration of three of its databases used to create its maps. Therefore, ANR is unable at this time to file its required system maps by the April 30 deadline. ANR notes that, of the eight maps contained in its FERC Gas Tariff, only four have been identified as containing changes at this time. ANR hereby respectfully requests an extension of time to file its updated system maps. ANR will fill its updated system maps as soon as it is able to do so.

Any questions regarding this filing may be directed to Rene Staeb at (832) 320-5215.

Respectfully submitted,

ANR PIPELINE COMPANY
